NCP and Boat Building Cluster on Adriatic Boat Show

Nautical centre Prgin and Boat Building Cluster signed the agreement on business cooperation on the project Adriatic Boat Show which will be held in Šibenik for the first time this year from 15th till 19th of October.

Adriatic Boat Show, as NPC owner Goran Prgin said at the press conference, is combination of business show and other entertaining features. Boats, fishing and nautical equipment will be displayed by the Croatian and international manufactures. There will be organised business boats sale and there will be a possibility to make a business contract. He stressed that objective of this show is affirmation and promotion of small Croatian boatbuilding which records good business results without states subsidies.

During Adriatic Boat Show there will be held annual conference of Ship Building Cluster on problems of domestic nautical manufacture.
